## 

## Study Guide for MA103 Test I

## 

Test \#1 will include material from Chapters 1, and 2. Be sure to bring your calculator to the test. If you forget your calculator or if your calculator is not working, go to the Math/Science Center in Room 02 of Macklin Tower to get a shortterm calculator loan.

## IMPORTANT REMINDERS

MAKEUP POLICY: If you know in advance that you have to miss a quiz or test, you can make arrangements with me to take the quiz or test BEFORE it is given in class. Otherwise, no makeup will be given. If you miss a test, it may be made up only if you

- Do not have more than one unexcused absence during the time period covered on the test.
- Contact me on or before the scheduled test date.
- Can prove that you have a legitimate excuse
- Show me all of your homework on the relevant material, and be able to take the test BEFORE it is given in class.

If you do not meet these conditions, you will not be permitted to take a makeup test and the percentage equivalent of your final exam grade will be substituted for the grade of the missed test. No student will be permitted to take more than one makeup test.

1) Study the Practice Test I (there are several versions of this),, and The Review Packet on my website,
2) Please Review your HW Problems from MyMathLab.
