

## OBJECT ANALYSIS WORKSHEET

This will require careful observation of the object and thinking about the clues that you get from the objects.

### 1. PHYSICAL QUALITIES OF THE OBJECT

A. Describe the material from which it is made. (Wood, clay, marble, etc.)

---

B. Can you tell how the object was made? (Carved, molded, cast, etc.)

---

C. What size is it? Can you guess?

---

D. Is it a complete piece or a fragment of a larger work?

---

E. Is anything printed, stamped, or written on it?

---

### 2. USES OF THE OBJECT

A. What might it have been used for?

---

B. Who might have used it?

---

### 3. WHAT DOES THE OBJECT TELL US

A. What does it tell us about the life of the people and the time in which it was used?

---

---

---

B. What does it tell us about the technology of the time in which it was made and used?

---

---

---

C. Can you name a similar item that we use today?

---
