Basic Life and AD&D Insurance	\$0.021	\$0.0273
Double your annual salary and round up to the		· · · ·
next \$500, (\$100,000 max.), then multiply by the		
appropriate pay period rate and divide by \$1,000		
Long Term Disability	\$0.00176	\$0.00229
Multiply your annual salary by the appropriate pay	<b>40.00110</b>	<b>+0.30220</b>
period rate and divide by \$100		

## **Optional Life and Dependent Life Insurance Rates**

Please note that there is now one set of rates for employee and dependent optional life. Note: Dependent Life Insurance for spouse is calculated utilizing the employee's age.

## Cost per pay period per \$1,000 of coverage

Age	12 Month	10 Month
	Optional Life	Optional Life
	Employees & Dependents	Employees & Dependents
Under 30	0.0125	0.0162
30-34	0.0125	0.0162
35-39	0.0148	0.0192
40-44	0.0212	0.0276
45-49	0.0328	0.0426
50-54	0.0563	0.0732
55-59	0.0980	0.1248
60-64	0.1555	0.2022
65-69	0.2442	0.3174
70-74	0.3771	0.4902
75+	0.5326	0.6924
Child life flat rate	0.2200	0.2880
per pay:		

To calculate your pay period cost for optional life (employee only), take your annual salary and round up to the next \$500, then multiply that amount by the appropriate pay period rate and divide by \$1,000.

### Optional Life Insurance Example:

Employee, age 36, earning \$50,000 (on a 26 pay period schedule)

 $(\$50,000 \times .0148)/1,000$  = \$0.74 per pay period =  $1 \times 8$  salary Benefit  $(\$100,000 \times .0148)/1,000$  = \$1.48 per pay period =  $2 \times 8$  salary Benefit  $(\$150,000 \times .0148)/1,000$  = \$2.22 per pay period =  $3 \times 8$  salary Benefit

The cost of the insurance on the spouse is calculated based on the age of the employee and not the spouse. Find your age in the first column and multiply the spousal life insurance amount (\$25,000) by the rate in the appropriate 12 month or 10 month column and divide by \$1,000.

#### Dependent Life Insurance Example:

Employee, age 36, \$50,000 Life Insurance Benefits (\$25,000/spouse) Dependent \$5,000 per child

 $($25,000 \times .0148)/1,000 = $0.37 \text{ per pay period}$ \$5,000 per child = \$.22 per pay period

Total \$0.59 per pay period
