Get peace of mind with medical advice.
Call 800-777-7904.

Whether it’s the middle of the afternoon or the middle of the night, medical advice is just a phone call away. Kaiser Permanente’s registered nurses will help you with your flu symptoms, cuts and sprains, or backaches—whatever you have questions about. And there’s no extra cost.

The nurse is connected to your Permanente primary care doctor, your health care team, and our Urgent Care centers, so you’ll be guided to the next steps for your care if you need more than the nurse’s advice. For medical advice, call 800-777-7904 (TTY 711).
If you’re not sure what kind of care you need, just call and the nurse will guide you.

Video advice with a doctor
You can have a video visit* with a physician trained in emergency medicine. The visits are for those 18 years and older, with certain medical conditions. The advice nurse will help determine if your situation is right for a video visit. You will need a computer or mobile device with a built-in camera and microphone, and you must be present in Maryland, Virginia, Washington, DC, Florida, North Carolina, West Virginia, or Pennsylvania during the video call.
