

Verify Procurement Card Transaction

Workday Job Aid for Employees

Overview

This Job Aid provides instructions to verify Procurement Card Transactions loaded into Workday. Use this process to reconcile your Procurement Card. The purpose of this process is to ensure that credit card spend can be commercially validated and assigned with data for posting in the General Ledger and payment recording. Employees will be encouraged to verify p-card transactions on a daily or weekly basis depending on volume. Once the employee submits the verification, it will route based on the conditions below.

Important: All p-card transactions must be verified in Workday before the 10th day of the month for the previous month's transactions.

Process Flow: Procurement Card Transaction Verification Event

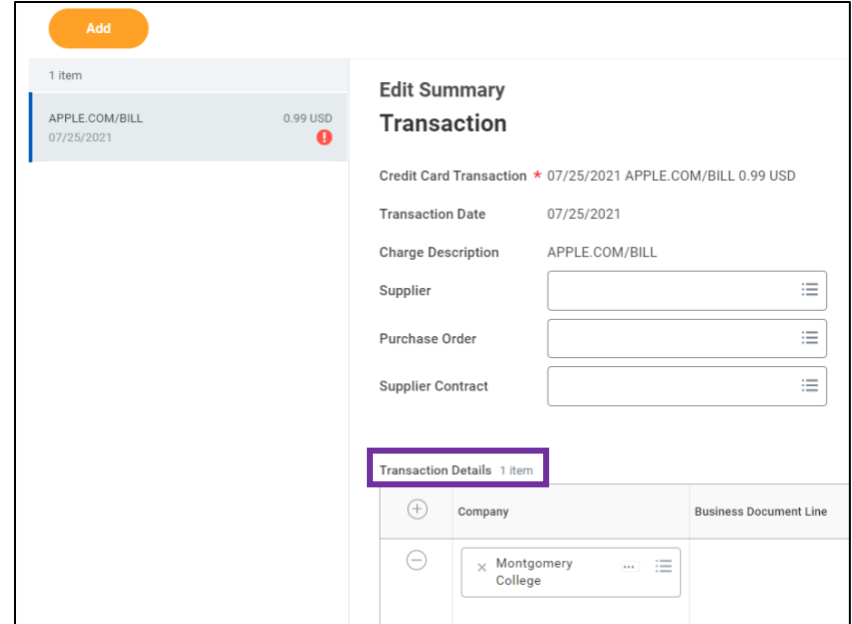

Who Approves: Procurement Card Transaction Verification Event

- If the transaction has a Grants Worktag, then the Grant Principal Investigator or Grant Financial Analyst approves the verification.
- If the transaction has a Project Worktag, then Project Manager Tracking approves the verification.
- All other verifications will be approved by the Manager, Cost Center Manager, or Secondary Cost Center Manager if they are not the initiators.
