| <b>Vendor Questions</b>  | <b>MC Response</b>  |
|--|---|
| 1. Can we email a final submission along with our hard copy?   | No facsimile or email transmissions will be accepted. Bidders should read the bid document in its entirety to ensure adherence to bid specifications and required submittals. |
| 2. For the "monthly support fee total" line items, are we supposed to assume no support services are included in the unit price for each piece of Pyxis equipment? | We are requesting unit pricing for each line item and the total 12-month support fee for that line item. The extended total will be the combined total for that line item.    |
| 3. Would you also confirm the duration of support services is just 1 month per line item?  | The duration for support services is for 12-months. Each school will be responsible for the continuation of service after the 12-month period.                                |
